HOW IT WORKS!

- Complete the registration form filling in all required fields. Please fill out the details according to the information in the passport.
- Emirates ID or VISA is required if you wish to be considered a resident player. If you do not possess these documents, you will be considered a 'visitor player' and this may affect participation in certain tournaments.
- On completion of the documents, an email will be sent to verify your registration.
- Upon approval from ECB, you will receive a printable registration card with a unique ECB registration number. Please carry the printed card copy or e-card to every match and must be produced if necessary.
- ECB Registration card expiry is linked to your residence VISA / Emirates ID expiry.
- Visitor players will be allocated a registration valid for three months.
